**RE: Request for Appeal of USAC decision – in compliance with CC Docket No. 02-6**

Gentlemen;

We are writing to appeal a USAC decision dated February 22, 2006 denying funding based on an uncertified Form 470. We are unable to provide proof of certification, thus the denial.

We respectfully ask that the USAC decision (mentioned above) be over turned in lieu of our need and previous compliance over these past seven years with all USAC/FCC

E-Rate requirements. Although we can not “prove” certification, we know that the appropriate steps were followed leading to certification.

As a private educational institution, we rely heavily on whatever Federal funding we receive. The financial heart of our computer/technology program is E-Rate funding. To be denied funding, for whatever reason, seriously impacts our ability to continue to provide necessary services to our students. Although we can not prove certification of the Form 470 in question, all documentation has been submitted and substantiates our need. Previous filings were approved routinely by you without exception. Based on need and a history of compliance, we respectfully ask your favor on this appeal.

Thanking you in advance for your attention and consideration in this most important matter.

Sincerely,

Sister Dorothea Jurkowski CFSN, Principal  
St. Stanislaus Kostka School
